

Founded in 1984

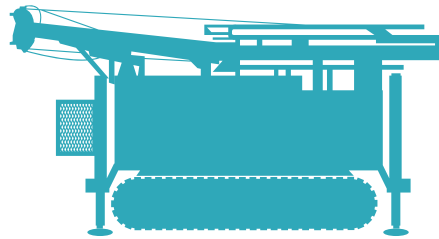

Over 260 Employees

- 39 Professional Engineers
- 18 Registered/Professional Geologists
- 6 Environmental Scientists
- 4 Geophysicists
- 30 Drillers/Drillers Helpers
- 104 Technicians/Analysts
- 40 Administrative/Sales

Services

- Geotechnical Engineering,
- Construction Materials Testing,
- Geophysics,
- Water Resource Management,
- Environmental Engineering,
- Deep Foundation Testing, and
- Exploration

Instruments

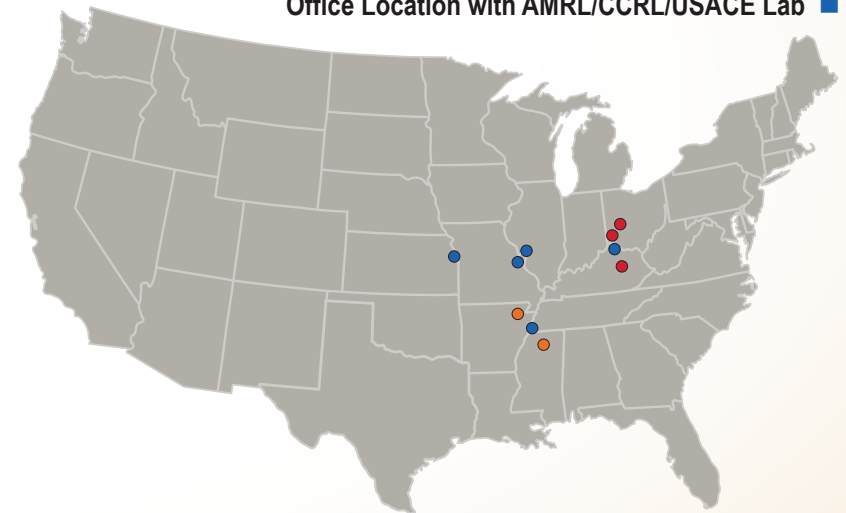

Full complement of surface and borehole geophysical instruments for imaging geotechnical and environmental targets

Equipment

- 22 Exploration rigs, including 1 - 20 ton CPT rig
- 2 Cone Penetration Test Sets (CPT) including one shear wave cone
- 3 Crosshole Sonic Logging System (CSL)
- 3 Pile Dynamic Analyzers (PDA)
- 1 Downhole Cameras

- Office Location with Lab
- Office Location with AMRL/CCRL Lab
- Office Location with AMRL/CCRL/USACE Lab

Laboratory and Certifications

St. Louis, MO | Erlanger, KY | Memphis, TN
Overland Park, KS | Cincinnati, OH | Fairview Heights, IL
Lexington, KY | Dayton, OH | Oxford, MS | Jonesboro, AR
